1. On 28 May 1952 [] of Procurement, []
 [] and myself met to discuss the items which
 require clarification in our letter to [] of 27 May 1952.

2. [] agreed to submit a new proposal which would:

a. Itemize cost of the components listed under "Purchased Material," Appendix B.

b. Breakdown Engineering Labor in Appendix B. This labor does include the production of the operation and maintenance manual.

3. The operation and maintenance manual includes operation and technical data on all items of the unit. The first five copies are to be mimeographed. If a contract is negotiated for a number of units the material will be printed.

4. The error we found in Production Labor Appendix C (8 hours x \$2.15 per hour - \$81.70) should be corrected to (38 hours x \$2.15 per hour - \$81.70).

5. The 100% charge for overhead and the 10% charge for general and administration expense are not based on past experience as established by audit. There is not any duplication between the direct charges and the indirect charges.
